EDUCATION

Graduation

VK Krishna Menon College

06/2021 - Present

Course

- Bachelor's in Computer Science

HSC

VK Krishna Menon College

06/2019 - 04/2021

SSC

Bright High School

06/2019

WORK EXPERIENCE

Freelancing - Web Developer

R1 Events

04/2023 - 06/2023

Achievements/Tasks

- I helped make the front part of a cool event planning website. I made it easy to use and nice to look at, so people can plan events smoothly.

Internship - Web Developer

Titozz (Food delivery app)

06/2023 - 08/2023

Achievements/Tasks

- During my internship at a popular food delivery app, I helped improve the app's look and added new things to make it better for users.

Freelancing - Fullstack Web Developer

Revive (Medicine delivery Company)

08/2023 - 09/2023

Achievements/Tasks

- Made a medicine delivery app where users can send prescriptions for home delivery. Also, built a control panel for managing users and getting real-time info. Checked that everything followed healthcare rules.

PERSONAL PROJECTS

Certify Chain

- Created a blockchain-based certificate generation system for our college, enabling secure and wallet-free interactions with the technology. Here's a brief project walkthrough: <https://www.linkedin.com/feed/update/urn:li:activity:7114249133145677825/>

Decentralised Twitter Smart Contract

- This project is a decentralized Twitter clone, fully operational like Twitter, but built on a blockchain.

CryptoCafe DAPP

- This website lets you donate or give reward to the creator in crypto- cryptocafe-sandeep.netlify.app/

Rentable NFT, Safe Remote Purchase, Real Estate, Sales Management, Auction and more smart contracts

- I developed these smart contracts to attain proficiency in Solidity and gain foundational knowledge of blockchain technology.

Blockchain Prototype

- Developed a functional blockchain prototype in Java.

CERTIFICATES

Full stack Blockchain developer by Code eater

React JS with 10 projects by Shubham Sarda
